Hello,

We are the SV (student representation) of the Leonardo-da-Vinci-Gymnasium. We would like to help you find your way around our school. In this brochure you will find the most important information.

Our Buildings

We are a school with two locations: the old main building for students from grades 8-13, and the new building for students from grades 5-7.

It takes 5 minutes to walk to the other building. There is a cafeteria only in the old building. There is a sports hall in both buildings.

With your student planner you will also receive a room plan of both buildings.

VK-Class (international class)

The classes of the international class take place in the new building. There you will have German lessons from the 1st to the 3rd period. After that you will go to your class and take part in the regular lessons.
